

RADISE certified or validated test methods for ROCK
(CMEC/ AMRL/ USACE/ FDOT)

ROCK	
TEST METHOD	DESCRIPTION
D3967	Splitting Tensile Strength of Intact Rock Core Specimens
D4435	Rock Bolt Anchor Pull Test
D4543	Preparing Rock Core Specimens and Determining Dimensional and Shape Tolerances
D7012	Compressive Strength and Elastic Moduli of Intact Rock Core Specimens under Varying States of Stress and Temperatures
